

Church Notice. Services every Sunday, at 10:30, at the Methodist Episcopal Church, on Marina street. Prescott. Sunday school immediately after service. Rev. D. B. Wright, Pastor.

SPECIAL NOTICES in the reading columns will be charged at the rate of THIRTY CENTS per line for first insertion, and twenty cents a line for each subsequent insertion.

Local Intelligence.

For the very best of watch and clock work go to BERTLING, Montezuma Street, Prescott, Jan'y.

Wm. Smith, Wm. McCloud and others, from Peoples Valley, have been in town for several days past.

Joe Price got "critter-flung" in front of our office, on Wednesday, but without serious result.

Leon Cordier's new bath house and shaving saloon is up and enclosed, and is being pushed forward toward completion.

Mr. John Rodgers, formerly of Oro Fino, northern Idaho, arrived here on Monday, by C. and A. stage.

The Telegraph office at Wickburg is closed temporarily, the operator, Carroll, being ordered to Florence to take the place of the operator there who is sick.

Since the snow difficulties on the railroad route, considerable Eastern mail has reached Prescott by the Santa Fe and Prescott stage. Yesterday's mail got a ducking in the Verde.

T. J. Butler, Editor MINER, has gone on a hunt to the Peck and Bradshaw mines, and will take in such of the adjacent country as he can and time to visit.

ESCAPED.—Last night one of the soldiers named Ryan incarcerated in the county jail, awaiting the action of the grand jury on a charge of high way robbery, managed to make his escape and as yet search for him has proved fruitless.

Look out down the road for Prof. J. W. Bratton. He performs a trick so neatly that no one has been able to catch him at it. His bills are the MINER imprint on them, but we re-estimate all responsibility as to the performance of the "Magic Flight" has elicited universal comment hereabouts.

CANDY FACTORY.—Dan Hatz has commenced the manufacture of a pure article of sugar and candies, and ought to be patronized as a home institution; besides, in buying his candy the dealer and consumer are assured that they are an article free from the deleterious drugs often enter into the composition of imported candies.

By the A. and N. M. Express stage, leaving yesterday, we noticed the departure of Messrs. B. Genung, Judge Rush and M. Wormser, the latter takes his family to San Francisco for a year. Judge Rush is called on business at Wickburg, and Mr. Wormser returns to his Salt Lake home.

Mr. H. B. Cram, brother to H. V. Cram, of San & Oils, arrived here, on Monday, from the County in Michigan with a name invented purpose to puzzle the Spelling Schools. Mr. Cram is a young married man and intends, if he suits himself in business, to bring his family Prescott and make it their future home.

Mr. Colby, an experienced and well known surgeon from Nevada, accompanied Messrs Peck, dyke and Butler yesterday morning, for the purpose of examining the country in the Peck and Bradshaw districts. These parties go to look out the most practicable route for a road from Prescott to these mines.

The Board of Supervisors met last week, and the matter of Prescott School District No. 1, and the boundaries as follows: Commencing a point five miles north of the school house, thence east five miles; thence south to the summit of the range of mountains south of the Hasampar river; thence west on said range ten miles; thence north to a point on a line with the said point; thence east five miles to the place beginning.

FATAL AFFRAY.—Last Wednesday night an altercation took place in the Montezuma Saloon between Albert Wieniewski, a musician in the U. S. Army, and two soldiers, which through the interference of other parties was for the time being, though it seems that one of the soldiers intended to waylay Wieniewski on his way home, and accordingly, on his return, accompanied by Carl Michel (also a musician), to his quarters, said soldier met him and offered to fight, the same time taking his coat off, upon which Wieniewski drew his revolver, when Carl Michel stepped in between them just in time to receive the shot, which penetrated his right side, being death in about half an hour. The examination is proceeding, as we go to press, in Justice Oils' Court.

Those who failed to go and see the man eat, drink hot lead and swallow a wagon wheel, the Court house on Saturday evening missed a thing. He performs a trick very neatly, and his sharpest and keenest eye in the house couldn't see how he did it until it was all over, when it dawned upon them that they had all sold and the fellow had gone with their all, the collection which constituted the entire fortune. We never saw a lot of men take an interest in a good joke on all except one, and he felt privileged to make fun of them over it. The MINER office acknowledges that there was a force, and was not merely but given away.

DEAD MINE.—Messrs. Roberts and Poland left town Monday and Tuesday and left with the town of the ore they are taking from the mine, some four or five miles above the hook's on Big Bug. The ore is not of the best grade, nevertheless gold and silver are visible to the naked eye, but the chief value is that it is of enormous size in paying quantities and that it is of enormous size in paying quantities and that it is of enormous size in paying quantities.

By a notice, published elsewhere, it will be seen that Wm. E. Smith has withdrawn from the mercantile firm of L. Bashford & Co. Mr. Smith, we are glad to learn, intends to remain in Prescott and will soon engage in another branch of business.

MAY DAY.—Notwithstanding the fact that the Election of May Queen last year was so perfectly satisfactory under the system of Electing by vote and allowing each vote to be represented by so much money, it has been thought best this year to allow the children to choose the Queen without the use of money, and to raise the means for defraying expenses, which it is decided to make very light, in some other way. It is proposed to select the grounds near the town to avoid the expense of transportation, and that each family furnish refreshments for their own and such other children as may be allotted to them that are unprovided for otherwise. Adults, being near the restaurants, hotels and their homes can take care of themselves, or "spar" their way as best they may. The main point will be to provide ample accommodations and amusement for the children, and in this way it is believed we can have a real jolly May-Day Picnic, Crowning of the Queen, etc., at an almost nominal expense. Every grown person worth trying to please, is sure to be delighted when the children are happy. Let us bend every energy to this accomplishment, and pay no attention to the older people, each of whom can consider him or herself a committee of one to look out for number one. To-day is election day; the children are each to bring their ticket to school with the name of their candidate written upon it, and the girl receiving the most votes will be crowned on Tuesday, May 23, which is the day fixed for the Celebration. The names of Mrs. Bourke, Mrs. Rush, Mrs. Wells, Mrs. Cook, Mrs. Buffum, and Mrs. Burmister are suggested as a committee to attend to the tables; with Messrs. Geo. W. Curtis and Joseph Knott as Committee of Arrangements. The place selected for the Celebration is near the spring back of the residence of Judge Fleury.

General Thomas Wilson, of the Subsistence Department of the Army, arrived from San Francisco here last week, on important business connected with his branch of the Service. He called upon us on Wednesday with a letter from a mutual friend, and we found him all that friend described, "One of the old style," (meaning, of course, our style)—"A perfect gentleman and genial companion." We were indeed much pleased with the General, and glad to see that he takes an intelligent interest in mining matters and particularly in the question of the reduction of refractory ores. Before leaving San Francisco he visited the new works of the Mindieff Reduction Co., and examined samples of ore that had been submitted to the action of common marsh or illuminating gas in combination with heat under a heavy pressure, and he gives it the preference over any other process he has yet seen both as a matter of economy and the perfect manner in which it frees the precious metals from the base, but we shall give the Mindieff process more attention at another time. General Wilson is in raptures with our climate and skies, and we feel quite safe in trusting him to do them justice and in appropriate terms to his friends when he again reaches the foggy atmosphere of his San Francisco home.

WENT TO ST. LOUIS.—D. L. Magruder, Medical Director of the Military Department of Arizona, left on Wednesday morning with his family for California. Mrs. Magruder and the children are bound for St. Louis, Mo., and the Dr., on thirty days leave of absence, will accompany them as far as Salt Lake, from whence he will return and assume the duties of his office until such time as the Department shall be willing to transfer him to the East.

Capt. Hargrave has so far recovered from his late severe illness as to be able to walk out as far as Rush & Wells' office, on Tuesday.

Capt. Shoup is still improving and will soon be walking on crutches.

Mrs. Jewell writes from San Bernardino to Mr. Howard, the jeweler, that she is still unable to walk without assistance, and her physicians think it will be unsafe for her to again attempt to cross the desert, consequently they have concluded to fit up a home in San Bernardino and remain there.

The following is the steamer Newbern's manifest for Prescott, from San Francisco, March 25th:

D. Mitchell, 1 pkg; C. G., 36 pkgs; F & H 1 pkg; L. B., 98 pkgs; C. P. H. & Co., 900 pkgs; E. Stahl, 3 pkgs; J. G. G., 25 pkgs; J. G. K., 5 pkgs; J. Rodenberg & Co., 18 pkgs; K. & S., 1 pkg; T. J. Butler, 5 pkgs; W. M. R., 140 pkgs; Miss E. Ray, 1 pkg; also B. H. W., Whipple and Verde.

Last Wednesday Mr. Colby completed the survey for the Granite Creek Placer Mining Co., consisting of three claims of 30 acres each, situated north of town. The locators are busy taking out their litch, and expect to have everything ready for sluicing in about ten days, when from present prospects they are sanguine of realizing from \$7 to \$10 per day to the land.

Dr. Edward Palmer arrived by C. and A. stage yesterday morning from Wickburg. This gentleman holds an appointment as special agent for California and Arizona, in the department pertaining to Shrubs, Flowers, Trees, etc., in the Centennial Exhibition, and proposes to spend several days in our section accumulating specimens peculiar to this portion of the Territory.

Leon Cordier will remove to his new building near C. T. Hayden & Co's. store between the 1st and 15th of May where he will have a first class barber-shop and several elegant bath rooms. He intends to keep a neat establishment. In the meantime he will still be found next door to the Postoffice.

W. L. HEMPHILL, on Granite Street, cures all diseases in horses' feet: such as corns, quarter cracks, contracted feet, interfering, over-reaching and permanent cures guaranteed. mar24.15

Rev. Sheldon Jackson, D. D., Editor Rocky Mountain Presbyterian, published at Denver, Colorado, and Superintendent of Missions in the Territories, preached two very interesting sermons on Sunday last, and took measures for the formation of a Presbyterian Church in Prescott.

The Second Quarterly Meeting of the M. E. Church South will be held on the 29th and 30th of April, in T. H. Head's building, corner of McCormick and Willis streets.

REV. ALEX. GROVES, P. E. Remember that the only place in the Territory to get genuine jewelry is at BERTLING'S.

OFFICIAL APPOINTMENTS.—Sheriff E. F. Bowser has appointed W. W. Standifer under-sheriff in place of R. C. Barnes, resigned, who still retains a place in the office as deputy-sheriff.

The auction sale, advertised by Fisher to-day, is one of no little importance, and combines a large assortment of household goods needed by everybody.

By a notice, published elsewhere, it will be seen that Wm. E. Smith has withdrawn from the mercantile firm of L. Bashford & Co. Mr. Smith, we are glad to learn, intends to remain in Prescott and will soon engage in another branch of business.
